March 7, 2022

We at Trumbull Pediatrics support the bill where Medical Assistants can administer vaccines under the supervision of a physician. The COVID-19 pandemic has caused shortage of staff in all health care sectors and has especially been challenging for the nurses. By allowing Medical Assistants to administer vaccine will alleviate the pressure on nurses allowing them to focus on other medical efforts in the office.

Sincerely,

A handwritten signature in black ink, appearing to be 'Amit Kamath', with a stylized, cursive script.

Amit Kamath
